

Course Work Project Description and Rubric

Semester	202310	Division	CIS
Assessment title in Syllabus	Project	Program	IT and IS

Course Code	CIS1203		
Course Title	Web Technologies		
CLOs	CLO2, CLO3, CLO4	Accreditation Body	CAA & CIPS
Course Instructor	Reem Atassi	CRN	17511
Assessment Weight	25%	Submission Date	Week 13

For Group Work submissions an additional individual assessment will be conducted.

Grades for the students in one group will vary based on the individual performance in the additional assessment.

Student Declaration:

Academic Integrity Statement

In accordance with the HCT Academic Integrity Policy

- Students are required to refrain from all forms of academic integrity breaches as defined and explained by HCT.
- A student found guilty of having committed acts of academic integrity breach(es) will be subject to the relevant sanctions as outlined by HCT.

فأداة النزاهة الأكاديمية

وفقاً لسياسة كليات التقنية العليا للنزاهة الأكاديمية

- على الطلبة الالتزام بلوائح وقواعد النزاهة الأكاديمية، كما هو مبين وموضح في السياسات والإجراءات الخاصة بكليات التقنية العليا.
- في حالة ارتكاب الطالب أي شكل من أشكال الإخلال بالنزاهة الأكاديمية، سيتعرض إلى العقوبات الموضحة في السياسات ذات الصلة.

This assignment is entirely my own work except where I have duly acknowledged other sources in the text and listed those sources at the end of the assignment. I have not previously submitted this work to the HCT, or any other entity. I understand that I may be orally examined on my submission.

Website 4: Donut King Australia

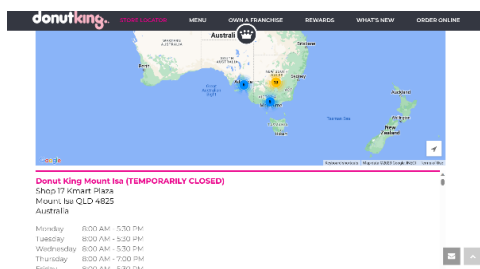

URL: <https://www.donutking.com.au/>

Student Name and ID: Rouda Hassan – H00535730

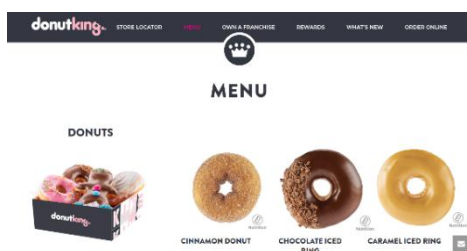

Purpose of the website: Donut King website is a Donut shop site that allows the customer to find much information about the shop and its products and also allows customers to order online.

Website features and functionalities:

The user can find the nearest store and know the opening and closing hours during weekdays and phone number.

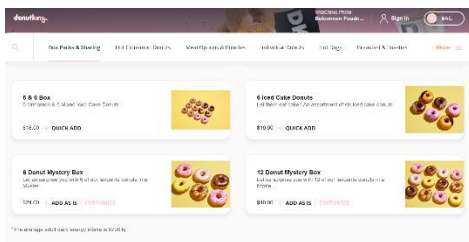

A menu page that allows users to find out the types of donuts, foods, and drinks sold in the store.

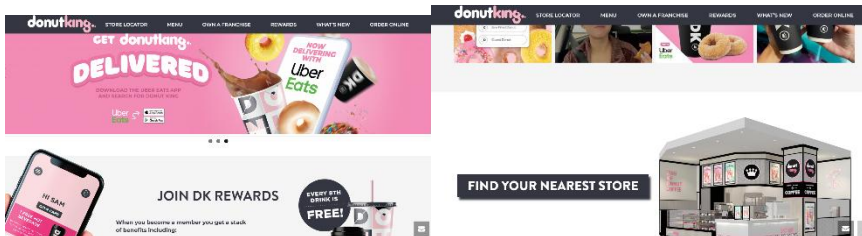

The user can find out about the new products in the store through the "What's New" page.

Users can order online through the site.

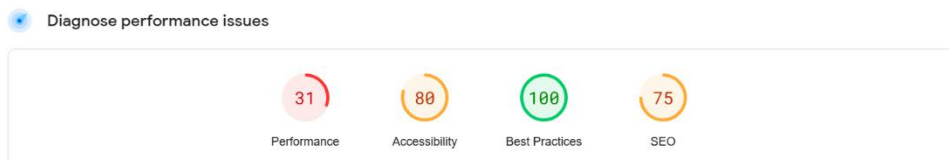

Design and theme of the website: The colors used on the site are white, black, and pink. They are simple colors that give an aesthetic appearance. The font is readable. The general theme is simple and suits the type of site, using the same theme in the logo, on the products, and in decorating the store helps in branding.

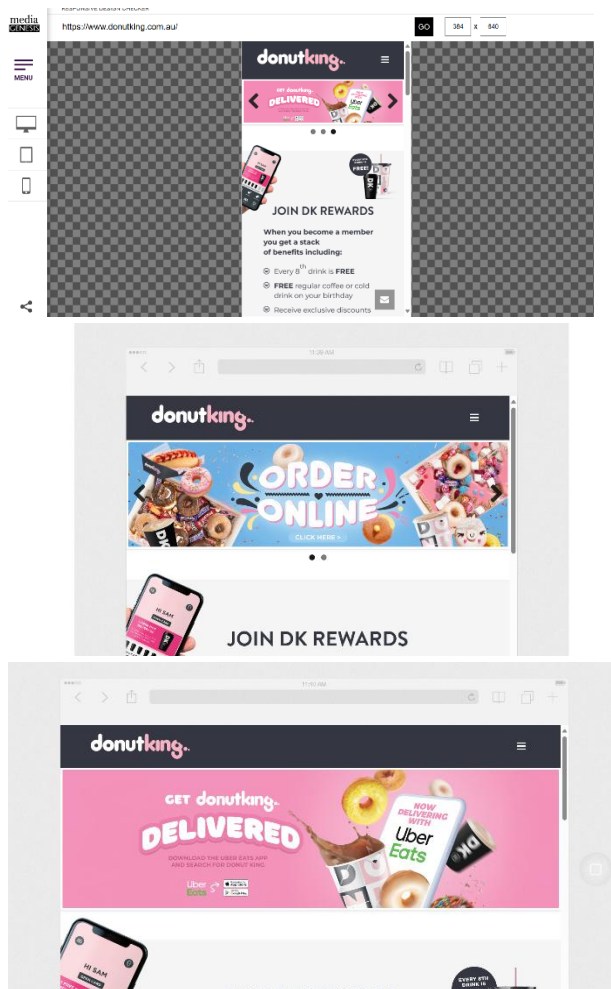

Usability Evaluation of the website:

- Accessibility: the accessibility of the website is average.
- Speed: the speed performance is slow.

- Responsiveness: the website is responsive; it works on screens of different sizes.

Browser Compatibility: Donut King website can function well on different web browsers.

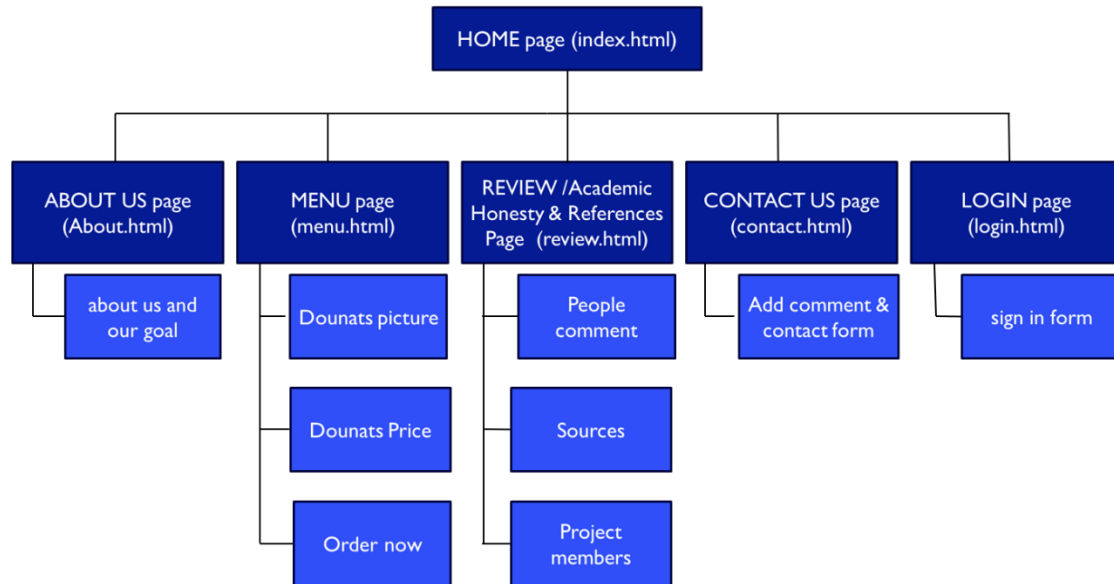

Figure 1.1 Site Map

Wireframe Diagram

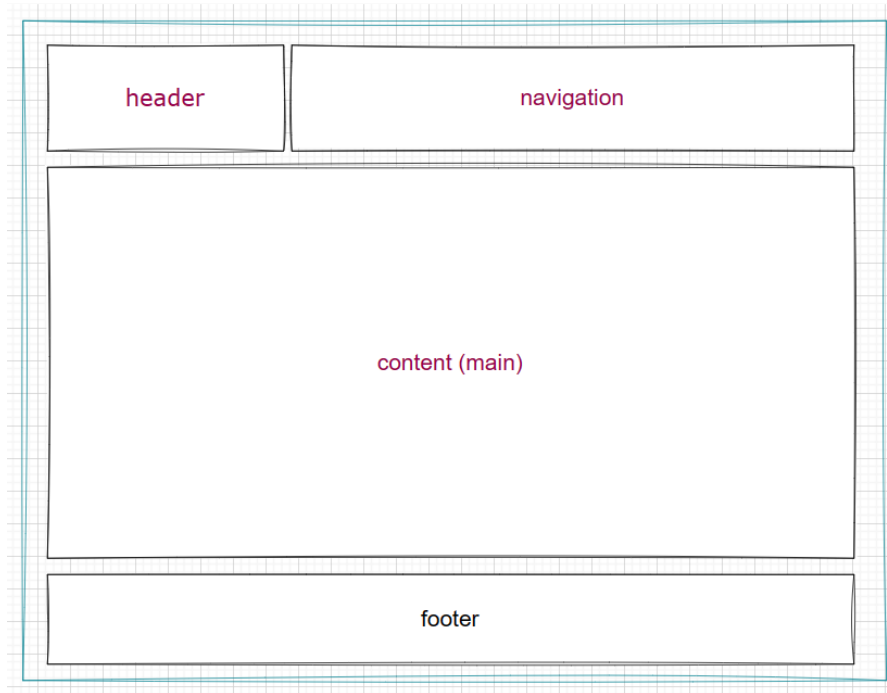

Figure 02. Wireframe Diagram

Design Description

White and pink make for a gorgeous color combination that gives the design a lively, attention-grabbing appearance and give it a modern look. To ensure readability, we've opted for brown, pink and white text, which creates a nice contrast against the colorful background. Additionally, our design is given a contemporary and neat touch by utilizing the sans-serif "Robots" font family. All things considered, donut enthusiasts will like our design and have a nice experience on our website.

Contrast makes elements stand out, it is used to drive a user's attention to specific elements in a design and we applied it by using color, size and shapes, style (bold/italic etc.)

Alignment: we create a visual connection between all elements, and we applied it by controlling the positioning of the elements on the page.

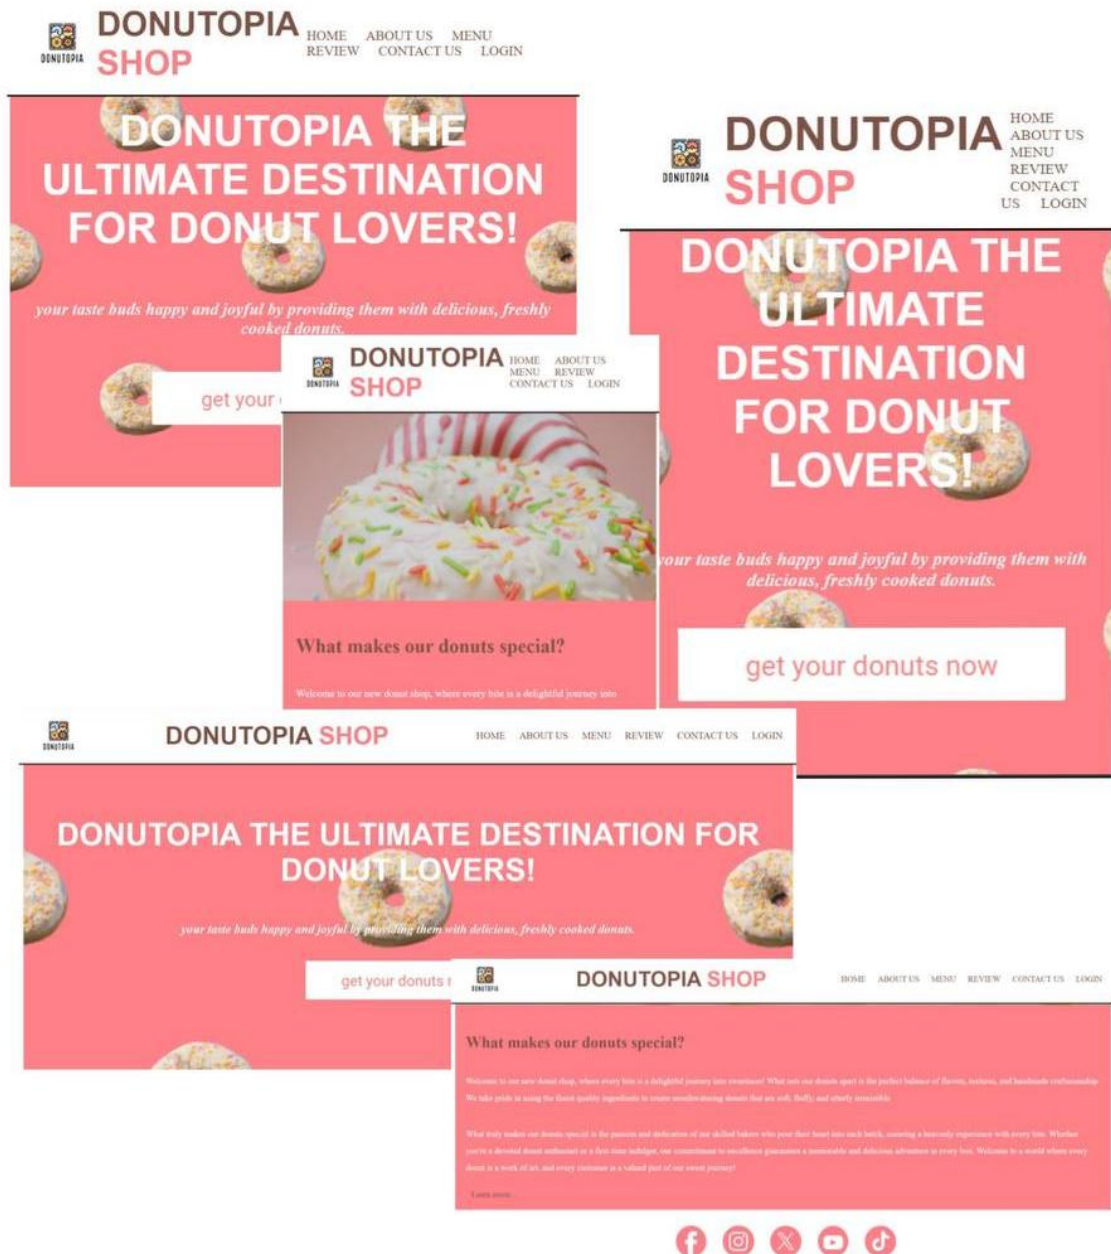

Repetition maintains consistency in the design, it helps users get familiarized with the way information is presented to them, we applied it by adding a navigation, footer and also used the same colors and theme in all pages to create unified look.

Proximity, Group related items together and we used it to helps organize information and reduce clutter.

Screenshots of all Web Pages

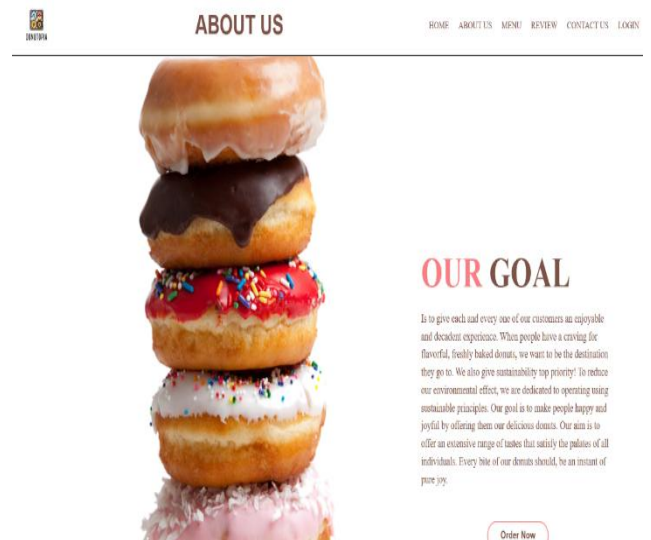

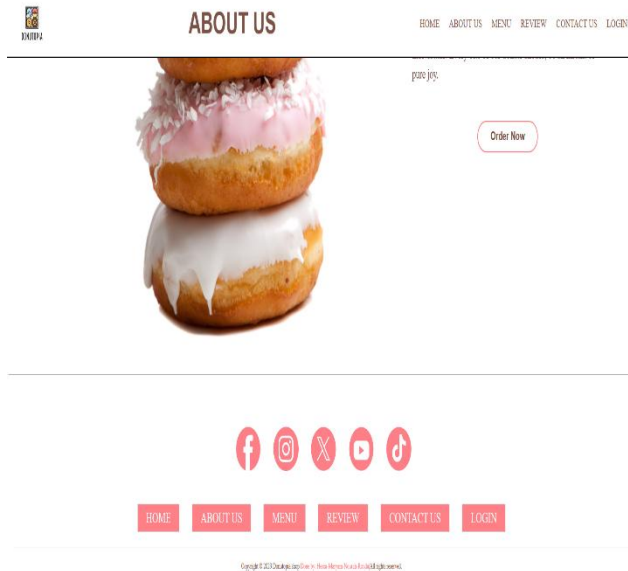

Index.HTML (Home page)

Website in different sizes

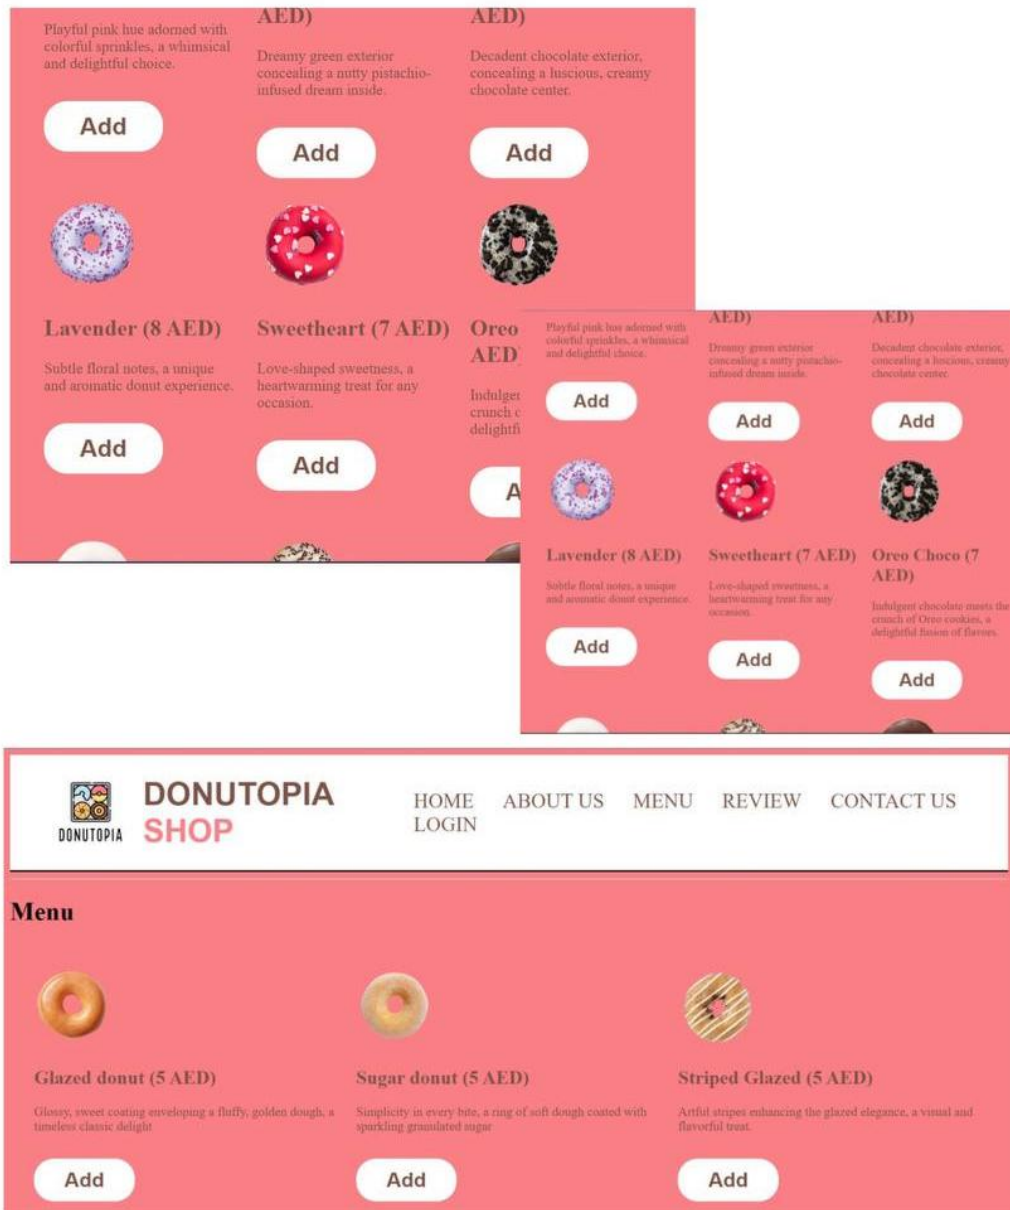

This is our website's main page and user interface. We created a logo for the website and decided on pink, brown, and white as our brand colors. The "Get your donuts now" button on this page takes you to a list of the donuts we currently have. As we scroll down, we find a video that provides visual delight to the client, as well as information regarding "What makes our donuts special?". All links relating to us and the site's copyrights are located at the bottom of the page.

About.HTML (About us page)

- We added a navigation menu with our logo and title to this page (about us), and we also added a brief text explaining our website's mission! We've also included a button (order here) that directs users to our delicious doughnut's menu page.

Menu.HTML (Menu page)

- This website's menu has a verity of types of delicious donuts for all kinds of tastes. Each type has a description, so you know what you're getting. This menu makes sure everyone can find something delicious to enjoy.
